

Market Gardening Memories

Do you have memories or photos of market gardening? New to the area and wondering what this is all about?

The two year Market Gardening Heritage project is working to preserve, share and celebrate the way of life that shaped the Vale's landscape and history throughout much of the 19th and 20th centuries. Call into our Pershore drop in event to find out more, or bring along photos and memories to share.

We're keen to hear from the whole community – you don't need to have been a grower yourself.

Market Gardening Memories – Sat 10th Aug, 11-2

Pershore Town Hall, drop in event

Open Day – Sat 21st Sept, 11-4

Field Barn, Cleeve Prior, WR11 8JX

One day, a market gardener walked out of his 'ovel (shed) in Cleeve Prior and didn't return, leaving behind a rare time capsule. Come along to discover more about this story and see the hovel itself, which is one of three being restored. Bring along your own apples for pressing (and bottles!), join in the bug hunt or take a short guided walk around Cleeve Prior.

For further details or to be added to the project mailing list, get in touch with Worcestershire Archive & Archaeology Service:
